I Belong

Gary B

Leaving when you know
All you can take
Itâ€™s my mistake
Wonâ€™t you let me know
Turn it into fate
When youâ€™re too slow
Still you should know
You make your own way

You think youâ€™re crazy
But donâ€™t you know youâ€™ve got it all baby
And maybe youâ€™ve been wrong
But better youâ€™re gone

Cause youâ€™re nothing to save I will face alone
I forget the words I need to carry on
Youâ€™re nothing to save I will face alone

Falling down again
It canâ€™t be all
I came here for
You make your heartache

You think youâ€™re crazy
But donâ€™t you know youâ€™ve got it all baby
And maybe youâ€™ve been wrong
But better youâ€™re gone

Cause youâ€™re nothing to save I will face alone
I forget the words I need to carry on
And youâ€™re still worlds away I canâ€™t feel you at all
So youâ€™re nothing to save I will face alone

Believe anything
Can be the same
You know Iâ€™m to blame
When I see you go

Cause youâ€™re nothing to save I will face alone
I forget the words I need to carry on

And youâ€™re still worlds away I canâ€™t feel you at all
So youâ€™re nothing to save I will face alone
