

I'm American

Billy Ray Cyrus

One red line in our home town
knew everybody from miles around
this country made me who I am
I thank God I'm American Ohhhh I'm american
red, white and blue
I'm american
From my head down to my boots Mama's in the kitchen suppers almost up
daddy on the front porch looking at my guns
raised me up do what i can
proud as hell I'm american Chorus: I'm american Chorus: Ohhh yeah
? you see
wont forget what he thought to me
freedom ain't free you can't deny
don't forget those who sacrisficed Chorus: I'm american
From my head down to my boots
I'm american
red, white and blue
Ohhhhh
I'm american
