

Dine, Dine My Darling (Acoustic)

Alkaline Trio

Don't leave me alone I'm waiting for this to be
The last thing that I say
Well, if I tried real good then I probably could
Get a couple more days but the drugs are lame So I'm looking for you to be the very last thing I see
Before I up and fly away
I'm counting on you to help push me through
With something good to remember on my red letter day Don't worry, I only feel the good things So let's dine,
dine, dine, my darling
Let's have our last supper, a toast to lovers
And we'll dance real sweet and slow And then kiss, kiss, kiss till the other last clock tick
A final exhale when I'm done
And you can keep my last breath floating in your lungs Yeah, I tried a lot of things because of you
You make me tell the truth
You taught me to dream like a man
You rescued my tail from between my legs
Now if I can kick it I am And I'm taking these words with me
When I go over to the other side
I'll be waiting on you but don't show up too soon
I'll be bored as heaven but I'll be alright Let's dine, dine, dine, my darling
Let's have our last supper, a toast to lovers
And we'll dance real sweet and slow And then kiss, kiss, kiss till the other last clock tick
A final exhale when I'm done
And you can keep my last breath floating in your lungs
Floating in your lungs So let's dine, dine, dine, my darling
Let's have our last supper, a toast to lovers
And we'll dance real sweet and slow And then kiss, kiss, kiss till the other last clock tick
A final exhale when I'm done
And you can keep my last breath floating in your lungs Floating in your lungs, floating in your lungs
Floating in your lungs
My last breath floating in your lungs
