# Switchblade

## The Rubens

No guilt-free questions asked
Oh you got nothing on me
Yeah, ohhSo put down your switchblade, mami
You got no business being here
Being herePut your hands down girl don't fight
I see the sadness in your eyes
I wanna love you
So wanna love youYou won't be the guy who throws his,
Fist up in the air,
Please notice me,
Please notice meIf you weren't such an asshole I'll
Be your buddy, be your friend
Be your soulmate, I'll be your best guy
And I'll help you throughPut your hands down girl don't fight
I see the sadness in your eyes
I wanna love you
So wanna love youIn the darkness we lose our mind
Just nothing, there's no time
I wanna love you
I wanna love youSo put down your switchblade mami
You've got no business being here
Being hereI wanna love youPut your hands down girl don't fight
I see the sadness in your eyes
I wanna love you
So wanna love you
So wanna love youIn the darkness we lose our mind
Just nothing, there' no time
I wanna love you
So wanna love youPut your hands down girl don't fight
I see the sadness in your eyes
I wanna love you
So wanna love you
So wanna love you
Still wanna love you
