

# Can't Help But Wait

## Trey Songz

I can't help but wait, oh uh  
Can't help but wait  
Check it out, uh I see you, you with him  
He aint right but you dont trip  
You stand by while he lies  
Then turn right round and forgive I cant take to see your face  
With those tears runnin' down your cheeks  
But what can I do, I gotta stay true  
Because deep down Im still a G And I dont want to come between you and your man  
Even though I know I treat you better than he can Girl I cant help but wait  
Till you get that with him it dont change  
Cant help but wait  
Till you see that with me it aint the same Cant help but wait  
Till you see you for what you really are  
Baby girl you are a star  
And I cant help but wait Listen, it ain't fresh  
To just let him call the shots  
Youre a queen, you should be  
Gettin' all that someones got You should be rockin' the latest in purses  
Bracelets and watches youre worth  
Much more than an occasional  
'I love you, Im thinking of you' And I dont wanna come between you and your man, no  
Even though I know I treat you better than he can Girl I cant help but wait  
Till you get that with him it dont change  
Cant help but wait  
Till you see that with me it aint the same Cant help but wait  
Till you see you for what you really are  
Baby girl you are a star  
And I cant help but wait Get it together  
You can do better  
See is believin'  
And I see what you need so Im going to play my position  
Let you catch what youve been missing  
Im calling out, girl cuz I cant help but wait  
Till you get that with him it dont change  
Cant help but wait  
Till you see that with me it aint the same Cant help but wait  
Till you see you for what you really are  
Baby girl you are a star

And I cant help but waitTill you get that with him  
It dont change  
Cant help but wait  
Till you see that with me it aint the sameCant help but wait  
Till you see you for what you really are  
Baby girl you are a star  
And I cant help but waitCant help but wait babe, no no no  
I cant help but wait  
Oh oh oh  
Cant help wait  
No, no, no
