

I'm the Bad Guy

MxPx

Legalistic people suck
Legalism makes me sick
I wonder what makes them tick
I wanna go puke on it Ephesians verse 2:8
States, God has saved us
Not by works but by grace So what's it gonna take?
There's no getting through to you So what's it gonna take?
There's no getting through to you I'm way too young to have a point of view
This whole thing just bums me out
Jesus knows my heart but you don't care You've already made up your mind
I try to change my attitude but it's really hard
I'm so sick of you, God is gonna pull through
