

Teach Me How to Fight

Junior Boys

There's some things I forget
And if it's wrong, I keep it in check
'Cause what could I do And if we go out tonight
With that blood on your shirt
And would it taste like a brand new shirt?
'Cause I don't know Can you teach me how to fight?
Show me what it's like to give that pain
Show me how to throw, throw him down There were times in the past
If I had the move, I couldn't make it last
Girl, it's wasted in the night And is it really so hard?
Tell your body to forget the words
Pushing you too hard
'Cause I don't know Can you teach me how to fight?
Show me what it's like to give that pain
Show me how to throw, throw him down
