

We Sold Our Souls to Metal

Soulfly

Born to rage against the order
Fuck the world live forever
We wage war against you all
I don't need society
I don't need your politricks
We live our lives the way we want We sold our souls to metal
We sold our souls
We sold our souls to metal
We sold our souls Fuck you all
We don't belong
I want to burn your fucking world
Destroy 'em all
Fuck your laws
Metal flows through my veins
I wanna rage
I am insane
C'mon punk make my day We sold our souls to metal
We sold our souls
We sold our souls to metal
We sold our souls
