Talkin' Bout Me

Mikaila

Hey yeah
Ah
Ohhhh
YeahMy friend overheard a conversation
Couldn't wait to tell me
Thought that this would be
Some information
That she couldn't keep
Seems like there's a guy to look for
But you're too afraid to speak
You're the guy next door
That I adore
So I hope you're talkin' 'bout meBoy I hope you were talkin' 'bout me
My friends wouldn't lie to me
Been thinking 'bout you all this time
Hope one day that you'll be mine
Boy I hope you were talkin' 'bout me
My friends wouldn't lie to me
Been thinking 'bout you all this time
Hope one day that you'll be mineBoy I'm sitting, waiting, anticipating
The way you feel about me
It's like I'm going crazy
Lose my mind
Just a fantasy
Boy I have to say that
Until the day
Come looking for me
I'll be waiting for you
I'll be right here waiting
I really didn't think you were the only for me
I wouldn't spend the time I do and all this energy
Now
Baby you're the one for me
Come on just talk to meBoy I hope you were talkin' 'bout me
My friends wouldn't lie to me
Been thinking 'bout you all this time
Hope one day that you'll be mine
Boy I hope you were talkin' 'bout me
My friends wouldn't lie to me

Been thinking 'bout you all this time
Hope one day that you'll be mineCan't wait till the day we're face to face
Face to face
So many things that I gotta tell ya
So many things I gotta say
Boy please don't walk away
Don't walk away
WhoaaaaaaaBoy I hope you were talkin' 'bout me
My friends wouldn't lie to me
Been thinking 'bout you all this time
Hope one day that you'll be mine
Boy I hope you were talkin' 'bout me
My friends wouldn't lie to me
Been thinking 'bout you all this time
Hope one day that you'll be mineBoy I hope you were talkin' 'bout me
My friends wouldn't lie to me
Been thinking 'bout you all this time
Hope one day that you'll be mine
Boy I hope you were talkin' 'bout me
My friends wouldn't lie to me
Been thinking 'bout you all this time
Hope one day that you'll be mineIn the morning
In the evening
I-I-I
Oh yeah
Oh can't you see
You belong with me
It's true
Boy I hope
Can't wait till the day
I know you understand just how I feel
Because you feel the same way
Gotta make you mine
Gotta make you mine
I believe you're the one for me
And I'll be
Oh yeah
Yeah yeahBoy I hope you were talkin' 'bout me
My friends wouldn't lie to me
Been thinking 'bout you all this time
Hope one day that you'll be mine
Boy I hope you were talkin' 'bout me
My friends wouldn't lie to me
Been thinking 'bout you all this time
Hope one day that you'll be mine
