Crystalline Dream

Shadow Gallery

Hold onto these memories
I grant you the gifts of our lives
Lost in the sands of time
Deserts foreverRelentlessly barren
I crossed them all in the blink of an eye
I command light and solar winds
To transport meThe deepest assurance, I speak with my mind
Caves of glass shatter before me
The wheels are in motion, forever they turn
And are carved in the great book of lifeThere in your room, alone in the shadows
I smashed down the walls and set you free
I carry the torch that trembles the mountains
Seen visions of power, beyond all beliefYou close your eyes, I reach out and touch you
Reflections in pools, the deepest of dreams
Rumors of war, rage in your heart now
The wheels are in motion, together we turn themCome down with fire, I want to love you
Want to take you into my heart
We'll cruise the star ways
And from the moment that we touch
Our love turns into a crystalline dreamFly where your dreams go
With open eyes it's the dawn and you're alive
No time or space here, I walk in castles of gold
Our love turns into a crystalline dream
