

Running Just To Catch Myself

Mark Schultz

I am driving
I am late for work
Spilling coffee
Down my whitest shirt
While I'm flossing
And I'm changing lanes
Oh Yeah
Now I'm driving
Through the parking lot
Doing eighty
Hey what the heck why not
Watch it lady
'Cause your in my spot
Once again
It's early to work
And here's a surprise
I got a McMuffin for just 99 cents today
I think they ran a special
CHORUS:
I can't stand still
Can I get a witness
Can you hear me
Anybody, anybody
I think I am running just to catch myself
Maybe someday I could fly away
Go to Key Largo or Montego Bay
Sport my speedo, maybe grab a tan
A dream vacation, wild elation
Now I'm running
Straight into my boss
And he's angry
Oh and he calls me Ross
Which is funny
'Cause that ain't my name
And that's lame
I'm still running
Running very late
For a meeting
Wait, that was yesterday
Guess I'm early for the one next week
Oh how sweet

I get on the ladder
I corporately climb
I wave at my life as it passes me by every day
My name's not RossCHORUS
