Shinji Ikari

<u>鷺巣è©©éfŽ</u>

It is cold in here
I can hide behind my breath
Light up and breathe in too much

It goes cold with a gunshot
To be here it still feels nice
I grow old after one shot
I breathe in and it feels nice

I feel it's over
Drop the light in here
This is goodbye

It goes cold with a gunshot To be here it still feels nice I grow old after one shot
