

I Won't Turn off My Radio

[Ken Yokoyama](#)

Look how beat up we are
As time took us so far
We know it's so hard to still be needed today
Hit hard by MTV
Stabbed by the net we bleed
Now you're an icon of a world of yesterday But I can still hear your voice
A slight wave is coming through Through the darkest night
Send me somebody's heart
Send me a light
I won't turn off my radio, oh no
Cut through space and time
Make this bored man smile
or make me cry
I won't turn off my radio
The home of Wolfman Jack
Buds of The Ramones and Clash
Started a revolution and made stars we love
Hey you, listen up
Get your act together
I know you're old but you still got a lot to do And I can still hear your voice
A slight wave is coming through
Through the darkest night
Send me somebody's heart
Send me a light
I won't turn off my radio, oh no
Cut through space and time
Make this bored man smile
or make me cry
I won't turn off my radio
