I'm Not Invisible

Rocket from the Crypt

Oh, I wanna go, yeah, we gotta leave it right now
Opportunity knocks so let's barge on in
Oh, I wanna beat the door down just to look inside
Our vital signs look good but our chances are slim, way grimSo I killed it anyway, I killed it anyway
Stand back, look proud and tall
Be afraid of what you see and not attack
I'm not invisible, I'm not invisible, I'm not invisible
Be afraid of what you see and not attack
I'm not invisible, I'm not invisible, I'm not invisible, I'm not invisibleOh, I gotta go, yeah, we gotta leave it right now
When opportunity knocks let's barge on in
The sour truths and the vengeance sweet
Memory is full but nothing to keep
So pull back those dirty sheets let's see that wet spot nowSo I killed it anyway, I killed it anyway
Stand back, look proud and tall
Be afraid of what you see and not attack
I'm not invisible, I'm not invisible, I'm not invisible
Be afraid of what you see and not attack
I'm not invisible, I'm not invisible, I'm not invisible, I'm not invisible
I'm not invisible, I'm not invisible, I'm not invisibleLive from Camp X-ray
