

# Help Is On the Way

## Echo Orbiter

Donâ€™t know what to think in this emergency; volunteer for free  
Youâ€™d be interested if a cause were involved to champion and praise

Youâ€™ve hurt yourself more than you know

Help is on the way

Lost the right to think, and your stock has withered away in exchange for a broken view  
Hold that name up high, for whatever itâ€™s still worth; display what youâ€™ve thrown away

Youâ€™re not allowed to show youâ€™re proud

Help is on the way
