

Bury Me Deep (R.I.P.)

[Amber Skye](#)

We were born in the sun of the summertime
When the snow came down somehow we died
Must have been the trouble from the leaves that fell
Should have hit the ground running but you put me through hell
Take me to the tomb where your lovers lie
Kiss it all away don't even say goodbye
Now that I'm 6 feet deep I can finally breathe
I'm a let us rest in peace R.I.P. All the love you gave to me
R.I.P. Everything we could have been I leave this world of you and me
I'm gonna take my time and look pretty
I'm gonna empty my pockets of all your lies
I ain't taking those with me
So tell me how you feel, is it on your mind?
Did you have a second thought when you saw me cry?
Might be a lady killer but someday you'll bleed
I'm a let us rest in peace [chorus]
R.I.P. All the love you gave to me
R.I.P. Everything we could have been
R.I.P. Every single memory
R.I.P. Go on and bury, bury me deep, yeah Bury me deep, bury me deep, bury me deep
Baby you're gonna bury me deep
Baby you're gonna bury me deep
Baby, bury, bury me deep, yeah [chorus]
