## Shivaree

Please take me out of here  
So we can have a ball  
I've been tied up  
My face against the wall  
Who's got trouble, we've got trouble  
Go ahead make mine a double  
I do declare I'm in a state  
And I just can't wait  
Please take me out of here  
My handsome buckaroo  
Wait until I get  
My hands all over you  
Who's unhappy, we're unhappy  
Get my coat and make it snappy  
I do declare I'm in a state  
And I just can't wait  
I'm under the bed  
You're over the moon  
And it won't be over easy  
But it could be over soon  
Please take me out of here  
Do like your daddy do  
Wait until I get  
My hands all over you
