

# Can't You See

## Black Stone Cherry

I am gonna take a freight train  
Down at the station and  
I don't care where it goes

I am gonna climb a mountain  
The highest mountain, Lord  
Gonna jump off and nobody gonna know

[Chorus: x2]  
Can't you see  
Whoa oh can't you see  
What that woman, she been doing to me

Gonna find me a whole in the wall  
I'll crawl inside and die  
'Cause my lady, a mean old woman Lord  
She never told me goodbye

[Chorus]

I'm gonna take it southbound  
Down to Georgia now  
I ain't never coming back

Gonna buy me a ticket, Lord  
And go as far as I can  
Till that train run out of track

Lord Lordy Lordy  
Lord Lord Lord
