Memento

Brett Bixby

I cut my name in your heart,
to assure, the memories remain.
I never will release the pain.I cut my name in your heart,
and I know, you never will forget.
My love will be your deepest bleeding scar.I cut my name, I cut it deep.
I take my time.
I come when you're asleep.
I'm leaving you in red and
bloodstained sheets.I cut my name in your heart
with a knife
the sharpest I can get
as cruel as you have left my broken
heart.I cut my name in your heart,
I want you to feel my pain.
I cut my name in your heart,
I can't live without your love.
I wanna drown in your blood.
I cut my name right in your heart,
I can live with your pain,
but I can't live, I can't live without your love.I cut my name in your heart
with my fingernails.
I hurt what still remains.
You never will forget, forget my
name.I cut the letters, bit by bit,
and in the end
you certainly admit,
a whisper of disease lies on your
lips.I cut my name in your heart,
I want you to feel my pain.
I cut my name in your heart,
I can't live without your love.
I wanna drown in your blood,
I cut my name right in your heart.
I can live with your pain,
but I can't live, I can't live without your love.Though I know it's not real,
what I want you to feel is more than unreal.
But still I want you to feel.I cut my name in your heart,
I want you to feel my pain.
I cut my name in your heart,

I can't live without your love.
I wanna drown in your blood.
I cut my name right in your heart,
I can live with your pain,
but I can't live, I can't live without your love.I can't live without your love.
I cut my name in your heart.
I cut my name in your heart.
I cut my name.
