

That Light

Olin & The Moon

Well, I'll stay quiet,
I won't say a word,
I'll just watch someone come along,
And I'll let it hurt,
So I can't have you,
But I can be alone,
Unless you change your mind,
And come looking for that long lost love,

Just follow that light (ahhh)
Look for that light (ahhh)
I'll never burn out.

And it gets quiet,
When no-one's around,
I'll just listen to my cigarette,
And the leaves on the ground.
Somewhere near, I can hear you laugh,
You sound happier now, than you ever have.

But you can always come back (ahhh)
I'll never burn out,
Follow that light (ahhh)
And wait for the right time.

And if you don't want me around,
Then I'll just disappear,
But if you ever change your mind,
Well I'm right here.

Just look for that light (ahhh)
You'll never burn out
Look for that light (ahhh)
Just don't let me burn out
Look for that light (ahhh)
I'm always on your side
Look for that light (ahhh)
Look for that light
I'll never burn out
Look for that light

I'll never burn out...
