

Bigger Than Love (feat. Giuseppe De Luca)

Ilan Bluestone

Low tide sighs
And it's not enough
I would lace you up
I could taste your love Echoes burn me in the night
My silence you're stealing
Since you taught me how to do it right
My heart has been bleeding Begging to return the light
In the silence i'm kneeling
You taught me how to do it right
My heart has been bleeding [It was bigger than love
now it's never enough
we were bigger than love] - X2 [Ohhhhhhhhhhhhhhhhh
It was bigger than love
now it's never enough
we were bigger than love] - X2 Bigger than love - X3 Echoes burn me in the night
My silence you're stealing
Since you taught me how to do it right
My heart has been bleeding
