

I Can Change

Brandon Flowers

When your time runs out
And you're looking for a place to land
I step from the shadow
Into the palm of your hand
When you're out of luck
I'll be what you're looking for
Even if it's not who I am
When you're out of luck
I'll be what you're looking for
Even if it's not who I am
I can change
I can change for you
I can change
I can change or you I can bend
I can break
I can shift
I can shake
Place the trail through the drive of rain
Girl I can change for you
I can change for you When your time runs out
And you don't where to stand
I'll step from the shadow
I'm not your kind And if you're looking for change I'll be what you're looking for
Even if it's not who I am I can change
I can change for you
I can change
I can change for you I can bend
I can break
I can shift
I can shake
Place the trail through the drive of rain
Girl I can change for you I can slip
I can slide
I can run
I can hide
Place the trail through the drive of rain
Girl I can change for you I'll be what you're looking for
I'll be what you're looking for I can change
I can change for you

I'll be what you're looking for
I can change
I can change for you
I can change
I can change I can bend
I can break
I can shift
I can shake
Place the trail through the drive of rain I can slip
I can slide
I can run
I can hide
Place the trail through the drive of rain
Girl I can change for you
I can change for you
I can change
I'll be what you're looking for
