

Here On Out

Dave Matthews Band

Out of the corner of my eye
I caught you walk by
I chase you down
Is it ok if I call you mine?
From here on out
As if I could ever stop
You are light as a butterfly As heavy as a rock
The bottom and the top
Is it ok if I call you mine?
From here on out
As if I could ever stop
And now I'm opened up
I'm strung on a wire
Like a storm, like the stars
In my (love)?
And its all because of you
You my love
Is it ok if I call you mine?
From here on out
As if I could ever stop
When you laugh its like a light
That fills me up
The bottom and the top
When I fell into your eyes
I could not get out And I could not get enough
Is it ok if I call you mine?
From here on out
As if I could ever stop
And now I'm opened up
I am strung on a wire
Like a storm, like the stars
in my (love?)
And its all because of you
You my love
Is it ok if I call you mine?
From here on out
As if I could ever stop
And I want you to knooooooooow
I still need you soooo

I want you to knooooow
I still need you sooooooo
Is it ok if I call you mine? From here on out
As if I could ever stop
So when I'm all used up
Old and breaking apart
Like the storm and the stars In my (love?)
Its all because of you
You my love
Is it ok if I call you mine?
From here on out
As if I could ever stop
And now I'm opened up
I am strung on wire
Its like a storm and the stars In my (love?)
And its all because of you
You my love
Is it ok if I call you mine?
From here on out
As if I could ever stop
