Bury Me

Black Tide

Take my life, 'cause itâ€™s already over
When youâ€™re closer to the end of it all
When youâ€™re closer to the end of it all

Every day Iâ€™m growing?
Wrapped up in the heart of fear
All this pain taking itâ€™s toll
Gravity canâ€™t keep me here

Take my life, 'cause itâ€™s already over (Just bury me, just bury me)
Take my life, 'cause itâ€™s already over (Just bury me, just bury me from the six feet under?)

When youâ€™re closer to the end of it all
When youâ€™re closer to the end of it all

Every second feels longer
Every minute kills me more
Every hour screams death
Every day I die slowly

Take my life, 'cause itâ€™s already over (In my mind in my mind)
Take my life, 'cause itâ€™s already over
Take my life, 'cause itâ€™s already over (Just bury me, just bury me)
Take my life, 'cause itâ€™s already over (Just bury me from the six feet under?)

When youâ€™re closer to the
When youâ€™re closer to the
When youâ€™re closer to the end
The end of it all

One foot in the grave
To me this way
There is no escape
When youâ€™re closer, when youâ€™re closer

Take my life, 'cause itâ€™s already over (In my mind in my mind)
Take my life, 'cause itâ€™s already over
Take my life, 'cause itâ€™s already over (Just bury me, just bury me)
Take my life, 'cause itâ€™s already over (Just bury me from the six feet under?)

When youâ€™re closer to the end of it all
When youâ€™re closer to the end of it all
