

# You're Not an Army

UB40

We can drag you out of bed in the middle of the night  
Drive tanks along your street looking for a flight  
We can put you in a cell and dash away the key  
Make you stand against the wall torture chamber stylee  
The reason is simple, it's obvious to see  
We can shoot at you but you can't kill we  
Don't you see, don't you see, you're not an army The reason is simple, it's obvious to see  
Right is on your side but the media's with we  
Don't you see, don't you see, you're not an army The thing you must remember since these troubles first began  
Were supported by a tax paying population  
And if the rest of this world is against we  
It's a fact that the people of this country won't see They can give you a trial by military  
But you won't be sentenced politically  
You'll be beat by other prisoners for political views  
But you just another killer when we read it in the news
