

I Touch Roses (Long Stemmed version)

Book Of Love

If you think I'm magical
Cause roses bloom with my touch
That's mathematical
I think you think too much I touch roses If you try to talk with me
If you try to copy my
Pocket full of poses
You still can't touch my roses I touch roses
I touch roses
I touch roses
I touch roses If you think I'm magical
Cause roses bloom with my touch
But magics just not practical
I think you think too much I touch roses
