Christian Hate Mail

Calibretto 13

What is this I see? Can we not get along?
Discord in the body shows me something is wrong.
Difference of opinion brings about your hate.
The way that we view life makes you so irate.
Why can't you see there's no unity
in the way you hate me just because we don't agree?
Send us your hate mail in the name of Christ.
Insult us, bash us, but don't play nice.
I'm sure the Father's proud of the way you treat your brother.
It's sad to say the Christian way is beating up each other.
Not everything is black and white.
What makes us wrong? What makes you right?
I'm a Christian, too, but I would never want to be like you.
We see things differently.
You don't know my heart, and you don't know me.
Stop holding this grudge, why don't you let God be my judge?
Your convictions, they are not mine. The way you act is out of line.
