

# Horse Drawn Cart

## Mystery Jets

If you don't trust me I'll fall I've wind in my sails  
But the seas make me pale  
And the floorboards are creaking below  
Find me the oars to row me to shores  
Where the natives will say hello Emotion pulls you like a horse drawn cart  
You can but only follow it  
Into the day, into the dark Where are the fruits  
Growing from promised roots?  
How far can this spear be thrown?  
Here take from me this supposed ability  
My feather's flown further than it wants to be blown Emotion pulls you like a horse drawn cart  
You can but only follow it  
Into the day, into the dark Emotion pulls you like a horse drawn cart  
You can but only follow it  
Into the day, into the dark If you don't trust me I'll fall  
(Trust me I'll fall)  
If you don't trust me I'll fall  
(Trust me I'll fall) (My trees lost their leaves and the days are colder)  
(lost, they lost, lost, they lost)
