

Overkill

Front Line Assembly

"As the first jolt of electricity was sent through his body"

"A ghastly column of smoke that rose from her head"

Break with me

We, we, we collapse

Its, its over

Hanging from above

You, you, you, wake up screaming!

You, you, you, eat us all!

Borrow children with

Annihilate ?

The closer you come,

The closer you see,

The faster

I switch off, Seeing you.

I switch off, Seeing you.

Annihilate, Annihilate

?

Overkill

We collapse

Mediate

Digital oppression

My soul is burning

You, kill ? in your ?

"When she was given more electricity"

"A ghastly column of smoke that rose from her head"

"When it appeared that she had received enough electricity
to kill an ordinary person...the doctors went over and pulled
down the cheap prison...."

We'll, conceive a trial

? resist ?

Through you

Lie and ?

Lie, ready to follow

Lie, ready to kill Shot right through

I switch off

I switch off

I annihilate

I collapse

I overkill

I manipulate
I celebrate
I excuse
I frustrate
I overkill
You wake up screaming
"When it appeared that she had received enough electricity
The ? of ?
"...to kill an ordinary person"
The torture of people" As the first jolt of electricity was sent through his body"
