Take It All Back

Huey Mack

She's a good girl at heart, she's not a model but she does play the part
She says she love you then she moves to the next
You hate to love her but you know she's the bestShe's a good girl with a bad past
Love to have her but you know that shit, it won't last
'Cause she's a good girl with a bad past
But would you take it all back?
Take it all backShe like to party and bullshit, drinking wine late alone
Comes back from the club and home twenty dudes hit her phone
Yeah, she picky and choosy, everyone she can choose from
Got you stressing and hoping that when she picks, it's you the one
Got a body like Mila but she party like Miley
Leads you on, hits your phone with a couple of smilies
Loves to pop on a molly, she a freak in the sheets
Goes to class during the week, every morning smokes weed
She not the one that you need but she the one that you want
It's not about the thrill of the catch, it's the thrill of the hunt
Had her past but shit, do that really make her a whore?
So what if you know a couple dudes who been there before?
She's a good girl at heart, she's not a model but she does play the part
She says she love you then she moves to the next
You hate to love her but you know she's the bestShe's a good girl with a bad past
Love to have her but you know that shit, it won't last
'Cause she's a good girl with a bad past
But would you take it all back?
Take it all backYou fall in love on a whim but she got feelings for him
You wanna be her future, you don't really care where she been
You want the changes she promises, but you ain't seen nothing
Got you on a string so bad like she majored in puppeting
Got you meeting her out, buying shots at the bar
You work for your money and she got daddy's black card
Comes from a family with money, her card got no limits
She lets you hit, but she always dip right after you finish
You screaming, "Fuck that hoe! Fuck that hoe!"
Then you always running back
Says she'll be with you but for how long can it really last?
You always caught up in the past
So you just asked if you could, would you take it all back?
She's a good girl at heart, she's not a model but she does play the part
She says she love you then she moves to the next

You hate to love her but you know she's the bestShe's a good girl with a bad past
Love to have her but you know that shit, it won't last
'Cause she's a good girl with a bad past
But would you take it all back?
Take it all backShe's a good girl at heart, she's not a model but she does play the part
She says she love you then she moves to the next
You hate to love her but you know she's the bestShe's a good girl with a bad past
Love to have her but you know that shit, it won't last
'Cause she's a good girl with a bad past
But would you take it all back?
Take it all backShe's a good girl at heart, she's not a model but she does play the part
She says she love you then she moves to the next
You hate to love her but you know she's the bestShe's a good girl with a bad past
Love to have her but you know that shit, it won't last
'Cause she's a good girl with a bad past
But would you take it all back?
Take it all back
