

# High Horse

Kacey Musgraves

[Verse 1]

Oh, I bet you think you're John Wayne  
Showing up and shooting down everybody  
You're classic in the wrong way  
And we all know the end of the story[Pre-Chorus]  
'Cause everyone knows someone who kills the buzz  
Every time they open up their mouth  
Yeah, everyone knows someone who knows someone  
Who thinks they're cooler than everybody else[Chorus]  
And I think we've seen enough, seen enough  
To know that you ain't ever gonna come down  
So, why don't you giddy up, giddy up  
And ride straight out of this town  
You and your high horse  
You and your high horse

[Verse 2]

I bet you think you're first place  
Yeah, someone should give you a ribbon  
And put you in the hall of fame  
For all the games that you think that you're winning[Pre-Chorus]  
'Cause everyone knows someone who kills the buzz  
Every time they open up their mouth  
Yeah, everyone knows someone who knows someone  
Who thinks they're cooler than everybody else[Chorus]  
And I think we've seen enough, seen enough  
To know that you ain't ever gonna come down  
So, why don't you giddy up, giddy up  
And ride straight out of this town  
You and your high horse  
You and your high horse

[Bridge]

Darling, you take the high horse and I'll take the high road  
If you're too good for us, you'll be good riding solo[Chorus]  
Yeah, I think we've seen enough, seen enough  
To know that you ain't ever gonna come down  
So, why don't you giddy up, giddy up  
And ride straight out of this town  
You and your high horse  
You and your high horse

High horse  
You ain't ever gonna come down  
You ain't ever gonna come down
