Lemmings

Fischer-Z

Stop what you're doing and help me stay stane
I feel like a lemming today
I'm perched on a pinnacle, the prophet of doom
Don't dare to keep the fireman away
I'm a test case in the best placeI need eyes in my bottom, a nose for a deal
And ears always ready to glow
If it helps you listen, I'll stand on my head
I just thought that you'd like to know
I'm a test case in the best place
