

# Lemmings

## Fischer-Z

Stop what you're doing and help me stay sane  
I feel like a lemming today  
I'm perched on a pinnacle, the prophet of doom  
Don't dare to keep the fireman away  
I'm a test case in the best place I need eyes in my bottom, a nose for a deal  
And ears always ready to glow  
If it helps you listen, I'll stand on my head  
I just thought that you'd like to know  
I'm a test case in the best place
