

Hot Shot

Cliff Richard

Ready, steady, gonna meet you on the ballroom floor
Brother Eddie quit your banging on my bathroom door
After shaving, yeah, and after three
I'm after having me some fun you see
I'm getting ready for the night to come
And here I come I'm just a hot shot hitting town
(Have a little fun)
Just a hot shot getting down
(Ready, steady, run) I'm just a hot shot looking around
(Loving on the run)
I'm having fun Get the recognition each and every place I go
Fashion leader in the Cuban heel and pointed toe
My Italian suit is pressed and clean
I'm the Latin lover of the local scene
I'm getting ready for the night to come I'm just a hot shot hitting town
(Have a little fun)
Just a hot shot getting down
(Ready, steady, run) I'm just a hot shot looking around
(Loving on the run)
I'm having fun A faded picture on the mantle shelf
My older brother looks like myself
Remember Donny dated Susie
And Susie rated Johnny Johnny's into Susie
But Susie's into Ronnie
Ronnie waits for Louie
But Louie's singing Louie-Lou-i I'm just a hot shot hitting town
(Have a little fun)
Just a hot shot getting down
(Ready, steady, run) I'm just a hot shot looking around
(Loving on the run)
I'm having fun
