

Cerulean Twilight

Anathema

I'm lying here, oh so peaceful
In serene harmony
Iâ'm dreaming yet I feel awake
Iâ'm dreaming yet I am awake
Subjected to pain. Dark screams repent
And in a foreboding rage, a soul will die
A soul will die
My mind is burning, Iâ'm burning
I canâ't feel you anymore
Have I reached my point?
Will I drown in delusion?
The winds fell silent
And in my cerulean twilight
I left myself once again
Itâ's overwhelming
Suffer yourself, and let me die here awhile
