All In A Year

Comeback Kid

Where have you gone?
How Does time pass by so fast
Seems like yesterday
You and I
We Could Relate
But you know how things change
But is it me? Or is it time?
Now I'm stuck looking back
On something that I'll never have againAll this time with regret
I Just Lost Today
Worrying about yesterdayCan't live in yesterdayAll this time with regret
I lost today
Worrying about yesterday
I lost today
And No I'll never forget about you
I lost today
I just came to terms that I've lost youOn with my life
