

# My Head Is On Too Tight

## Together Pangea

My head is on too tight  
And you  
Your body is alive with mine tonight  
My head is you oh you can't hide  
My body to the rhythm to the rhythm  
We die  
And I  
I feel it all alright  
And you  
Better run along now  
My heart is a bubble to be bursted  
and you your blood is the after after life  
My heart is you and you can't hide  
My voice to the bottom underwater we die  
And I  
I feel it all alright  
And you  
Better run along now  
Run as fast as you can  
No I won't lie  
Do whatever the man  
No I won't lie  
Do whatever you can  
No I won't  
My head is on too tight  
And you  
Your body is alive with mine tonight  
My head is you and you can't hide  
My body to the rythm to the rythm we die  
and I  
I feel it all alright  
And you  
Better run along now
