

# Baby Vampire Made Me

## Helium

It doesn't matter if it's wrong or if it's right,  
you won't remember after I bite. You've got blood, baby friend of mine,  
you've got blood and tastes like lye. I've got a baby vampire in me,  
nobody knows, nobody knows.  
I saw you put it in me like a seed  
that was as big as a stone. And all I can do is watch it grow  
and it comes and it goes.  
It comes and it goes  
and it's turning me into someone I don't know.  
You've got a skull, baby, you've got a spine.  
After I'm done with you I'll spit them out like rinds. I got a baby vampire in me,  
it just might eat me before it eats you.  
I saw you put it in me like a seed.  
Then it grew. It feels funny but I want you to see  
that's good for you isn't always good for me. I'm gonna kill it, or hide underground,  
it's after me like a hound. Baby, baby, so beautiful.  
Little baby, I feel clean,  
There's still life after the machine. Little baby, I feel fresh,  
You can't live life if you're living death.
