

# All The Love

## Boss in Drama

The first time I died  
Was in the arms of good friends of mine  
They kiss me with the tears  
They hadn't been near me for years  
Say, why do it now  
When I won't be around, I'm goin' out  
We needed you  
To love us too  
We wait for your move  
Only tragedy allows the release  
Of love and grief never normally seen  
I didn't wanna let them see me weep  
I didn't wanna let them see me weak  
But I know I have shown  
That I stand at the gates alone  
I needed you  
To love me too  
I wait for your move  
All the love, all the love  
All the love we should have given  
All the love, all the love  
All the love we could have given  
All the love, all the love  
All the love  
The next time I dedicate  
My life's work to the friends I make  
I give them what they want to hear  
They think I'm up to somethin' weird  
And up rears the head of fear in me  
So now when they ring  
I get my machine to let them in  
I needed you  
To love me too  
I wait for your move  
All the love, all the love  
All the love you should have given  
All the love, all the love  
All the love we could have given

All the love, all the love  
All the love  
Take care, tootle  
Bye-bye, bye [Incomprehensible]  
Bye, later, bye, cheerio  
Bye, bye-bye, bye  
[Incomprehensible]Bye, bye, bye, cheers  
See ya, love  
Bye, goodbye  
I'll see ya, love  
Good night  
We needed you  
To love us too  
We wait for your move
