Samba Contigo

Naked Music

I go where I think I need to go
I go where I please,
I know what I think I need to know,
But you know what I need (yeah yeah)Feels like a hit for both of us
Feels like we're falling now,
See what the road has shown to us
See where we're going now.Chorus

Eso que amo bailar {This, I love to dance}
Samba contigo me hace soÃ±ar {Samba with you makes me dream}Eso que amo bailar,
Samba contigo me hace volar {Samba with you makes me soar/fly}{repeat}
----------You feel like the summer on my skin
You move like the breeze,
Those whispering voices in the wind
They sing through the leaves. (yeah, yeah)Singers of hope that call to us
Tell us to heed the sound,
Opens your heart with a lover's touch,
Presses you to the ground.[Chorus]
{repeat}
