

Street Life

Roxy Music

Wish everybody would leave me alone, yeah
They're always calling on my telephone
When I pick it up, there's no one there
So I walk outside just to take the air
Come on with me cruising down the street
Who knows what you'd see, who you might meet
This brave new world's not like yesterday
It can take you higher than the Milky Way
Now I'm blinded, I can't really see, yeah
No more bright lights confusing me, no
Don't ask me why I'm feeling blue
'Cause loving you is all I can do
Hey, good-looking boys, gather around
The sidewalk papers gutter-press you down
All those lies can be so unkind
They can make you feel like you're losing your mind
Street life, street life
Street life, what a life
Street life, street life
Street life, that's a life
Back to nature boys, Vassar girls too
(Street life)
Watch what you say or think or do
(Street life)
Continental-style strasse girls might
But you know exactly if it's wrong or right
(What a life)(Street life)
Education is an important key, yes
(Street life)
But the good life's never won by degrees, no
(Street life)
Pointless passing through Harvard or Yale
Only window shopping, it's strictly no sale
(That's a life)(Street life)
Week end starts, Friday soon after eight
(Street life)
Your jet black magic helps you celebrate
(Street life)
You may be stranded if you stick around
That's really something
