Someone said you was, runnin' 'round
Like you owned the world
It's no secret, you're the talk of the town
You know, the best of the girlsThat's right, and now you
Walked right out of my heart
You know it's all over town
I said you walked walked, right right, out of my heart
You know it's all over town
Now it's all overYou're so neat, you're so cute, you're so fine
You know that everybody wants some action
They see you comin' and they act like it's cool
Because they know that somethin's happenin'That's right, because you
Walked right out of my heart
And now it's all over town
I said you walked walked, right right, out of my heart
You know the word's goin' 'round
Now it's all over, now it's all overI don't care (he don't care)
I don't careI don't care care what they say about us anymore
I don't care what they wanna do
Baby all my heart is for you
No matter what happensThere's no reason why we still can't be friends
You know we all need someone we can talk to
No matter what they say, we both know I'm right
After all we've been throughAnd now you walked right out of my heart
You know it's all over town
I said you walked (walked), right (right), out of my heart
You know the word's goin' 'round
Now it's all over
I said you walked, right out of my heart
I said you walked (walked), right (right), out of my heart
You walked right out of my heart
And now it's all over town
