Holocaust

This Mortal Coil

Your eyes are almost dead
Can't get out of bed
And you can't sleep
You're sitting down to dress
And you're a mess
You look in the mirror
You look in your eye
Say you realizeEverybody goes
Leavin' those
Who fall behind
Everybody goes
As far as they can
They don't just careThey stood on the stairs
Laughin' at your errors
Your mother's dead
She said, "Don't be afraid"
Your mother's dead
You're on your own
She's in her bedEverybody goes
Leavin' those
Who fall behind
Everybody goes
As far as they can
They don't just care
You're a wasted face
A sad eyed lie
You're a holocaust
