

# Prince Kajuku (Electric Ballroom)

## UFO

Catch a falling star  
Put it in your pocket  
Take hold of the moonbeams  
Hang them around your neck Prince Kajuku's coming  
Feathers in his hair  
Tapping on his juju stick  
See you down there Prince Kajuku holds you  
Never lets you go  
Feel his power around you  
When your weakness shows Take a starry circle  
Hold it in your hand  
Never let Kajuku  
Take you to his land Catch a falling star  
Put it in your pocket  
Take hold of the moonbeams  
Hang them around your neck Kajuku, Kajuku  
Walking down the street  
Tapping on his juju stick  
See you down there
