

World On Fire

Nate Rogers

Hearts are worn in these dark ages
You're not alone in these stories pages
The light has fallen amongst the living and the dying
And I'll try to hold it in, yeah, I'll try to hold it in
 The world is on fire
 It's more than I can handle
 I'll tap into the water
 Try and bring my share
 Try to bring more
 More than I can handle
 Bring it to the table
 Bring what I am able
I watch the Heavens but I find no calling
Something I can do to change what's coming
 Stay close to me while the sky is falling
I don't wanna be left alone, don't want to be alone
 The world is on fire
 It's more than I can handle
 I'll tap into the water
 Try and bring my share
 Try to bring more
 More than I can handle
 Bring it to the table
 Bring what I am able

Hearts break, hearts mend, love still hurts
 Visions clash, planes crash
 Still there's talk of saving souls
 Still the cold is closing in on us
 We part the veil on our killer sun
 Stray from the straight line on this short run
 The more we take the less we become
The fortune of one man means less for some
 The world is on fire
 It's more than I can handle
 I'll tap into the water
 Try and bring my share
 Try to bring more
 More than I can handle

Bring it to the table
Bring what I am able
The world is on fire
It's more than I can handle
I'll tap into the water
Try and bring my share
Try to bring more
More than I can handle
Bring it to the table
Bring what I am able
