

Colours Fly And Catherine Wheel

Simple Minds

Belle
Never turn your back
Great times attack
Inexpensive thrills And I said, Belle
Of all the friends who care
Some should be seen
But never heard Colours fly
And Catherine wheels
Poor girls cry
In the beauty of both worlds Catch a boy fell falling
Fall in love fell falling
Catch a boy fell falling
Fall in love fell falling
Catch a boy fell falling
Falling out of the sky Belle
When the pulses rise
Love will tranquilize
Just before it kills And I said, Belle
You turn them on
With your reflection
I know so well Colours fly
And Catherine wheels
Poor girls cry
In the beauty of both worlds Catch a boy fell falling
Fall in love fell falling
Catch a boy fell falling
Fall in love fell falling
Catch a boy fell falling
Falling out of the sky Catch a boy fell falling
Fall in love fell falling
Catch a boy fell falling
Fall in love fell falling
Catch a boy fell falling
Out of the sky, out of the sky Colours fly
And Catherine wheels
Some girl cry
Over her boyfriend When colours fly
And Catherine wheels
[Incomprehensible] So when the colours fly

And when the Catherine wheels
