She's Got That Vibe

R Kelly

A yo R. Kelly what's up man
You been spending a lot of time with this girl man
I don't know man she just got that vibe you know what I'm saying
Aight tell em the script
Aight bet
Vibe, vibe, vibe
You've got that vibe, vibe, vibe
You've, you've, you've got that vibe, vibe, vibe
You've got that vibe, vibe, vibe
You've, you've, you've got that
Ooh, stop the press, girl you turn me on
And I wonder if I could take you home
I must confess, the tight mini-skirt you wear
I just can't help it baby, I can't help but stare
So tell the DJ to pump it up a little more
Hey girl, I gotta let you know
That you've got that
Vibe, vibe, vibe
You've got that
Vibe, vibe, vibe
You've, you've, you've got that
It's one o'clock and the party's just beginning
The place is jumping, ooh what a lovely scene
Gotta let you know, let you know the deal
I want you now baby and I'm for real
So tell the DJ to pump it up a little more
Now baby, I gotta let you know
That you've got that
Vibe, vibe, vibe
You've got that
Vibe, vibe, vibe
You've, you've, you've got that
Yeah, how would you like to get a piece of this pie
You could be my girl and I could be your guy
Yeah cuddle me in your arms like I'm your teddy bear
There isn't that nice you'll have no fear yo
Kiss me you fool
And make me melt like butter
When it comes to sayin' I love you, I won't st-st-stutter

I'll turn you on like a neon light
Make everything alright like in the middle of the night
Yo when you need somebody to love you
Like Flintstones we'll have a yabba dabba doo
Kiss and caress you and hold you and my word is born
Yo P A she's got that vibe huh
Vibe, vibe, vibe, vibe
Vibe, vibe, vibe
You've got that
Vibe, vibe, vibe
You've, you've, you've got that
Joann's got it
Now Leonice has got it
Theresa's got it
Tonia's got it
I tell ya Cheryl's got it
Boy I tell you Betty's got it
Chip has got it and Ann's got it
