Trap Stories

Cyko

We really trappin, really trappin
Nigga really hit the plug I had to get it I was starving
My uncle showed me love but he still treated me like garbage

I was really was in the trap with the choppers i was tolding
I really had them powers of the weed i was loaded
A lot of a niggas keep it real (I wonder why)
I wonder when when this shit really get real (Who gon ride)
x2

Is it really down to ride or you just riding in the foreign skrrt
European swag got me looking like a foreigner
Bbitch keep on blowing up my phone i make noise bitch
I'm really in the trap i hold the Draco like a foreigner

yeah you see im blowing up
yeah them prices going up
movie he still with me he'll
bust ya if i get a look

yeah them shooters with me every time a nigga getting whooped
boss give me the label, rip to my big homie cook...

i was really was in the trap with the choppers i was tolding
i really had them powers of the weed i was loaded
a lot of a niggas a1 keep it real (i wonder why)
i wonder when when this shit really get real (who gon ride)
x2

I wonder when this shit get real
who gon' have my back
do you love me like you say you love me
or is it just a knack

don't be actin like a pussy man if you cant hold it down
if i gotta do a bid is you gon' come around

it was cool when i was getting money
everybody holding something
should go a little bit slow

everybody running from me

I was in the trap i put every nigga on this something
trap story id made a 100 bands i'm up to something

Niggas know i'm loyal ain't even got ask
I just know you cant trust nobody when you doing bad
Momma trying to warn me i was looking up to dad
I had to hold a pistol like the trap life was all i had

I was really was in the trap with the choppers I was tolding
I really had them powers of the weed i was loaded
A lot of a niggas A1 keep it real (I wonder why)
I wonder when when this shit really get real (Who gon ride)
x2
