

# Neighbor, Neighbor

## ZZ Top

Neighbor, neighbor  
Why you messin' in my life?  
Neighbor, neighbor  
You've been talkin' to my wife Tellin' her you seen me  
Runnin' wild the other night  
Runnin' wild the other night A neighbor, neighbor  
There's always one in every crowd  
A neighbor, neighbor  
Tellin' lies and talkin' loud You better watch your step now  
You might fall off your cloud  
You might fall off your cloud Now I was walking down a dusty road  
When along came a neighbor of mine  
He saw me walkin' with my head hung down  
He just had to stop and pass the time A neighbor, neighbor, neighbor  
Floatin' in the salty brine  
Floatin' in the salty brine
