Long Way Down (Feat. Alexia Rodriguez)

Gus G.

I used to believe,
In holding on to dreams,
But suddenly they never mattered,
And all that I've seen,
Has slowly disappeared,
I stare into an empty mirror,Nobody's perfect,
Is it really worth it,
To let this go to waste,
Just let me,Break away, Break away,
Release my tension,
Nothing left between the lines,
And the ground
Take away, Take away,
My regression,
I'm on the edge, another step,
It's a long way down,I'm ready to give in,
I'm ready to let go,
Drowning tears in silent laughter
Will I reach the end?
Will I ever know?
Say it with the ever after,Just one way to fall,
One more step is all,
Don't you, Don't you care,
Just let me,Break away, Break away,
Release my tension,
Nothing left between the lines,
And the ground,
Take away, Take away,
My regression,
I'm on the edge, another step,
It's a long way down,InstrumentalBreak away, Break away,
Take away, Take away,Break away, Break away,
Release my tension,
Nothing left between the lines,
And the ground,
Take away, Take away,
My regression,
I'm on the edge, another step,
It's a long way,

It's a long way downIt's a long way down.
